Holy cow,

I don't know what else you could have asked for this morning. On huge breaking news, STHC flew out the gate to reach a high of .044, representing a gain of over 15pct. But that was just the beginning; this is when things are starting to come alive... Barchart just upgraded its Opinion of STHC and now has it as a Strong Green.

It doesn't get any better than that, Strong Green is Barchart's highest rating... we could be in for something special here. What we have seen so far this morning could be just the beginning, the start of something much bigger.

Due to the giant news that was announced this morning and the activity that followed indicators have started turning Green... in fact, as we speak nearly every single indicator on Barchart is currently Green:

Barchart Overall Average "80% Buy"

Trendspotter: Green

Short Term Indicators Average 80% Green
7 Day Average Directional Indicator: Green
10 - 8 Day Moving Average Hilo Channel: Green
20 Day Moving Average vs Price: Green
20 - 50 Day MACD Oscillator: Green

Medium Term Indicators Average 100% Green
40 Day Commodity Channel Index: Green
50 Day Moving Average vs Price: Green
20 - 100 Day MACD Oscillator: Green
50 Day Parabolic Time/Price: Green

Long Term Indicators Average 33% Green
60 Day Commodity Channel Index: Green
100 Day Moving Average vs Price: Green

Holy Cow is right... It doesn't get any better than this, Strong Green is the highest rating Barchart can give a company. This morning's activity could be the start of something much bigger.

The news this morning was not issued until just before open. If you haven't had a chance to see it yet, here it is: SouthCorp Capital Announces It Has Agreement To Produce Two Weight Loss Products for Infomercial Company. Weight loss market is expected to reach \$206.4 Billion by 2019.

Today we raised the bar; this is the first time in awhile that we've had the chance to look at a technical situation this solid...

... and we called it to perfection!

But don't think you missed the boat here, these events are happening as we speak. This upgrade only happened a few minutes ago!

Right now, after a pullback, STHC has climbed its way back to 0425 and seems to be starting another run... there could be a whole lot left in the tank here

JUNO MEMBER SPECIAL: TOUGH PROTECTION, EASY PRICE. Norton Internet Security Online. FIRST MONTH FREE GET NORTON

another full... there could be a whole lot left in the tank here.

If you haven't started your research, don't wait, do it now.

We always encourage you to do further research. Never take our word for it, always consult a professional.

Just because a situation looks great things can still go wrong. Be smart and protect yourself.

Talk to you later,

The Freak
